

# Letters From LNESC

LULAC Educational Service Center, Inc.

## Empowering Students On Election Day

With the support of **Travis County** and the non-profit organization, **Texas Civil Rights Project**, **LNESC Austin** was able to provide our high school students the rewarding, exciting opportunity to actively participate on Election Day. Our high schoolers, (from left to right) Cassandra Murray & Corinne Murray (Akins HS), Jennifer Osorio (JNECHS), and Valerie Arzola-Gallegos (EMECHS), either worked as an election clerk or volunteered as an election poll monitor on Super Tuesday-- March 3rd, 2020.

## Grow with Google Workshop #2: "Resume Building"

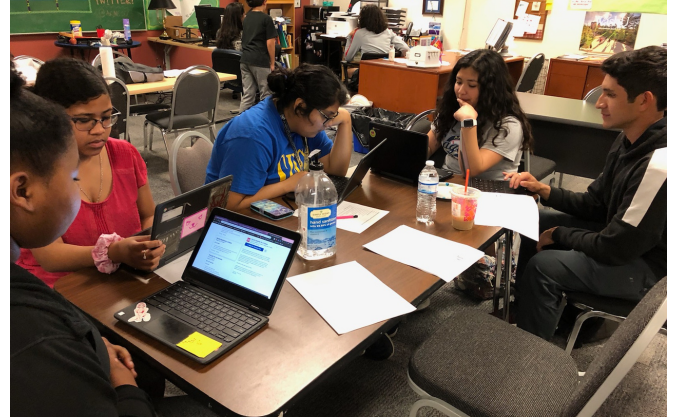

During COVID 19, LNESC-Austin still wanted to continue to host our Grow with Google workshops. Seventeen students participated in the 2nd Grow with Google workshop on resume-building. Students learned how to create a resume utilizing Google technologies and best practices on resume-building. A well-written resume is very important in applying for college, access to internships, and careers.

## TSI Training at *Navarro Early College High School*

Our students at *LNESC Austin* continue to have the beneficial opportunity to receive tutoring and preparation for the TSI in the area of mathematics. Our savvy tutors (like Reece who tutors Navarro students-- Miguel Colon and Annet Macias) work towards providing proper instruction, offer additional practice problems, and improve problem solving and critical thinking skills. We want to guarantee our students' academic success not only to pass the TSI but also to be college-ready!

## Mock Interview Workshop at *Akins High School*

Students at Akins, (from left to right) Sherryn Benn, Kayla Mccutcheon, Ashley Frias, Gaby Oliva, and Pilar Barbato, participated in our director, Ms. Acosta's workshop on mock interviews. She created her own creative curriculum on preparing and stimulating these mock interviews. This interactive workshop provided key skills/tips and insightful criticism to our students for future interviews--summer jobs, research/internship programs, work-study jobs, career jobs, etc.

### *Student Spotlight:*

## City of Austin Summer 2020 Internship

Pictured above, Kayla McCutcheon (L) and Gaby Oliva (R) both interviewed for City of Austin paid Summer internship positions and were hired. The City of Austin offers these 4 paid internship jobs every year, so apply next year with us!
