

Dear LNEESC students,

Many of you are currently enrolled in an undergraduate or associate degree program, are in the process of applying, or are planning ahead for next steps after high school graduation. Pursuing higher education is an exciting milestone in everyone's life but can come with frustration and setbacks. It's important to be aware of opportunities that may lessen the financial burdens and barriers that limit your access to achieving your dreams of higher education.

LNEESC hopes to simplify the scholarship research process by providing students with information on available scholarships that you otherwise may not be aware of. Many of the scholarships we're providing do not inquire about immigration status or require a valid social security number. The overview of each scholarship below includes website links, deadlines, and important information. The list is ordered alphabetically by scholarship name. We advise you to visit the organization and provider websites for more complete details and possible changes in deadline or requirements as each opportunity is subject to changes.

At the end of this document are links to external databases through which you can find additional scholarships. We hope that you will take advantage of this resource and apply to scholarships that are helpful to you!

February
